

# Team Involvement in Demonstration

Smart Lender | Team Lead: Venkat Rajarapu | Contributor: Kollipara teja Hansika

| Member                 | Role in Demo              | Contribution Area                                                        |
|------------------------|---------------------------|--------------------------------------------------------------------------|
| Venkat Rajarapu        | Lead Presenter            | Problem statement, architecture, live app walkthrough, conclusion        |
| Kollipara teja Hansika | Supporting Presenter      | Data collection, EDA (Univariate/Bivariate Analysis), architecture input |
| Kasarabada Tejaswini   | Not yet involved          | Pending confirmation                                                     |
| Shaik Rajula Ismail    | Not yet involved          | Pending confirmation                                                     |
| Thetakalli Venkatrao   | Not involved (this cycle) | Unavailable - no laptop access                                           |

## Team Roles in the Final Demonstration

### Contribution Summary

Given current availability, the demonstration is primarily delivered by the Team Lead, with Kollipara teja Hansika supporting on the data analysis portions she was assigned (Download Dataset, Application Architecture, Import & Read Dataset, Univariate Analysis, Bivariate Analysis).

### Acknowledgement

The team recognizes that full participation from all five members was not possible during this cycle due to availability constraints, and plans to involve Thetakalli Venkatrao and Kasarabada Tejaswini in subsequent iterations once contact is established.
